Enough is Enough: Combating Sexual Assault on College Campuses

ENOUGH IS ENOUGH

New, Uniform Sexual Assault Policy to Protect New York's College Students

New York State has the most aggressive policy in the nation to fight against sexual assault on college campuses. By standing up and saying “Enough is Enough,” we made a clear and bold statement that sexual violence is a crime, and students can be assured they have a right to have it investigated and prosecuted as one.

The new “Enough is Enough” legislation requires all colleges to adopt a set of comprehensive procedures and guidelines, including a uniform definition of affirmative consent, a statewide amnesty policy, and expanded access to law enforcement. With this law, we will better protect all of New York’s college students from rape and sexual assault.

Legislation announced to codify a uniform sexual assault policy for colleges across NYS

THE PLAN

Uniform Definition of Affirmative Consent

“Enough is Enough” requires colleges in NYS to adopt a uniform definition of affirmative consent, defined as knowing, voluntary, and mutual decision among all participants to engage in sexual activity.

Statewide Amnesty Policy

An amnesty policy ensures that students reporting incidents of sexual assault are granted immunity for certain campus policy violations, such as drug and alcohol abuse.

Expanded Access to Law Enforcement

The new law includes the creation of a new “sexual assault victims unit” within the State Police that will have advanced training in responding to sexual assaults and related crimes.
