We Advocate

Early 2019 Advocacy Win!

The WNY Women’s Foundation’s Advocacy Agenda promotes gender equity and women’s economic empowerment by convening stakeholders, sharing stories and collective knowledge, and utilizing research and influence to affect policy and funding for the benefit of women and girls in Western New York. We aim to be a leading voice for our community’s women and girls through direct and grassroots advocacy in collaboration with local, state-wide, and national partners.

We work to drive policy decisions and funding for our region to maximize opportunities, leading to economic empowerment and family sustainability.

Earlier this month, the 116th Congress was sworn in - a historic event for women's representation in the U.S. government. Women now make up nearly a quarter of its voting membership – the highest percentage in U.S. history!

Then, this week, the New York State Senate passed historic election reforms:

- Early voting
- Same-day voter registration
- No-excuse absentee voting by mail

This is a huge victory and gets us one step closer to making it easier for women to get to the ballot box and have their voices heard.

We look forward to sharing more advocacy news with you in the coming months.
