Women are one of our region's greatest assets. But due to the COVID-19 pandemic, they are being set back a generation in the workforce. **Since the beginning of the pandemic, 2.3 million women have left the workforce**, taking with them their expertise, their passion, and their unique leadership abilities.

Grounded in data, the **WNY Women's Foundation is committed to driving solutions that will advance gender equity** and move Western New York forward. In the wake of the COVID-19 crisis, this work is more urgent than ever before.

While we all wish we could gather in person this year, your continued support of our **second virtual *What She's Made Of*** annual event will continue fueling the work of the WNY Women's Foundation: our research, our advocacy, and our support for the women of our community.

Help us raise the critical funding to continue lifting up women's voices in our community—learn more and get your tickets to join us today.
