She means business.

And we're here to help.

Women-owned businesses power the American economy, employing more than 9 million people and creating revenue at nearly 5 times the average.*

We're proud to help them go even further by:

- Committing more than \$300 million to provide capital to diverse entrepreneurs and small business owners, including women
- Doubling the number of women able to attend the free Bank of America Institute for Women's Entrepreneurship at Cornell to 100,000
- Providing the financial tools, expertise and personal attention to help them start, run and grow their businesses

Breana Crumpler
Vice President, Private Client Advisor II

"I'm also proud that Bank of America walks the walk when it comes to hiring, supporting and promoting women within our walls.

Our board of directors is 50% diverse, including 6 female directors. Our workforce is half women, just like Buffalo. And our management team is more than half diverse, including 7 female leaders."

Bank of America Private Bank is a proud sponsor of the WNY Women's Foundation.

Letter From The Co-Chairs

Dear Friends,

We cannot begin to express our gratitude for the generous financial support we have received for our 2023 signature event, Fall in Fashion.

By supporting this event, you directly support the work we do for women and girls in our community. In Buffalo, 54% of families with children who are living below the poverty level are headed by women - well above of national, state, and Erie County averages. WNY's stark disparities, both rooted in and perpetuated by racial segregation and occupational oppression, were painfully compounded on May 14th, 2022. Although we rallied together as a community to stand up to hate and bigotry, we still have plenty of work ahead. Given the current global climate, this work couldn't be more vital and urgent.

It's important to come together as a community to change hearts and minds. This year we're continuing our theme of being inclusively chic and PROUD of it! Let's celebrate all women and raise money to create opportunities for each woman to learn, earn, lead, and thrive. We need it now more than ever!

Though the landscape of a post-pandemic world has been fraught with challenges, we are proud to say that (from the success of events like Fall in Fashion) the WNY Women's Foundation has facilitated critical direct service partnerships, direct training, supportive employment, and labor rights awareness for 333 women in 2021-2023. Our innovative and bold initiatives provided emergency support to women preventing them from dropping out of college or a workforce development program. Coaching and connection to trusted resources made a life-changing impact for well over half the women. Our advocacy efforts have expanded childcare assistance for moms in education programs as well as working parents.

With your support today, our impact will grow even more in 2023. When women come together with a collective intention, magic happens. Thank you for being a part of the magic in this room!

Cheers,

Breauna Crumpler & Erin Habes

FRANCI

BY NICOLE DAVIS

Francí Jewelry was organically birthed 11 years ago by Nicole Davis - CEO, designer and Buffalo, New York born native. Following in the footsteps of her mother who has decades of experience in retail and the arts, Nicole was exposed very early on to fashion and, more specifically, jewelry. She very naturally had an affinity to designing and creating, by hand, unique and beautifully captivating jewelry from cascading shoulder pieces and ethereal wedding veils to simple and chic wire wrapped bracelets for everyday wear; using materials like jeweled stones and pearls. Nicole envisioned her pieces to be wearable art that would immediately make every woman on whom it adorned feel like royalty.

As an artist, Nicole strives to revolutionize the way jewelry is perceived because in her eyes, the pieces are more than just accessories, but are the entire look. Since 2008, her extensive collections have been featured in New York, Los Angeles and Paris fashion weeks, worn by celebrity clientele and also published in several national and international magazines, which includes the likes of Vogue Italia.

Nicole's best friend and now business partner, Jittaun Hutchinson, joined the company as COO in January of 2019 and manages the financial component and operations while also getting her hands dirty with assisting in assembling jewelry. Jittaun's experience and expertise lies in accounting and supporting individuals and small companies with their finances to attain and maintain measurable goals for economic growth. The pair has been diligently working this past year to take advantage of every available opportunity for the purpose of continually advancing the business to the next level to ensure Francí becomes and remains a household name and international brand.
